

ELECTRIC/GAS DRYERS

DLE9577 DLG9588 Control Center Laundry with AdaptAble™ Controls

Performance

- Ultra Capacity with NeveRust™ Stainless Steel Drum (7.3 cu.ft.)
- Sensor Dry System with Dual Humidity Sensors for Intelligent Fabric Care and Energy Efficiency
- 9 Drying Programs
- 5 Temperature Levels
- Precise Temperature Control with Variable Heat Source
- Drying Rack
- Wrinkle Care Option
- Delicate and Ultra Delicate Cycles
- Custom Program

Style and Design

- AdaptAble™ Controls: Movable Electronic Control Panel with LED Display and Dial-A-Cycle™
- Stackable with Matching Washer
- Large Brushed Metal Rimmed Door with Clear Glass
- Porcelain Top
- Optional Matching Drawer Pedestal

Technology Benefits

- Remote Monitor Ready
- LoDecibel™ Quiet Operation

ELECTRIC/GAS DRYERS

The Perfect Stack Laundry Center Is Now Within Your Reach.

LG's groundbreaking new Control Center Laundry with AdaptAble™ Controls, gives everyone the option to comfortably stack their washer and dryer. Movable controls allow you to relocate the dryer control panel to the bottom of the unit, putting all of the controls in the center of the pair. That means no more stretching to adjust your dryer cycle. If you choose to place your pair side by side in a more conventional configuration, the controls can easily be moved back to the top of the unit.

Thanks to LG, space-saving is no longer a stretch.

Side by Side (shown with optional pedestals) or Stacked Configurations

Remote Monitor Ready

LG's Remote Monitoring System makes it easier to keep tabs on your laundry. Simply plug the modem into any outlet in your home and it communicates with the machine to display the time remaining in the cycle. Whether you're putting away groceries or relaxing with a good book, you'll know how much time is left. Your repeated trips to the laundry room are over.
